Legal staff
International Division**PETITION**

Sir:

On October 23, 2001, Applicants, by their Attorney of Record, filed the above-referenced patent application with the United States Patent and Trademark Office via Express Mail. Upon not receiving a Filing Receipt or return postcard, Applicants on January 10, 2002, inquired as to the status of the October 23, 2001, filing, requesting that we be accorded the October 23, 2001 filing date. As proof that the above-referenced National Phase patent application was filed on October 23, 2001, the deadline for this filing, a full and complete copy of the October 23, 2001 application papers was included with the January 10, 2002, request.

Applicants have subsequently received the return postcard from the October 23, 2001 filing, according this application the October 23, 2001 filing date and indicating that the serial number of this application is 10/069,192. However, Applicants have also received the return postcard from the January 10, 2002, request, indicating that this request was treated as another patent application with serial number 10/031,102 and filing date January 10, 2002, not as a request for the granting of the October 23, 2001, filing date. Applicants have been charged a filing fee for this request.

Applicants hereby petition the United States Designated/Elected Office to regard the January 10, 2002, mailing as a status inquiry, not as a new patent application filing, and request a refund of the filing fee charged for that filing and a withdraw of application number 10/031,102 from consideration. Applicants stated intent with the January 10, 2002, mailing was to inquire as to the status of the October 23, 2001, filing and to insure that Applicants received the benefit of that filing date. Applicants did not intend the January 10, 2002 mailing to be treated as a new patent application filing, and there was no reason for the United States Designated/Elected Office to treat it as such. In addition, since the January 10, 2002 mailing was incorrectly treated as a new patent application filing, Applicants hereby request a waiver of any fees that may be due for this petition.

AUTHORIZATION

No fee is believed due for this request.

Respectfully submitted,

Greenberg Traurig, LLP
